PART I — SUBJECTS	3–16
PART II — CONTRIBUTORS	16–23
PART III — BOOK REVIEWS	23–24

Abbreviations: C, correspondence; suppl., supplement

PART I. SUBJECTS

- Abecarnil**
A new beta-carboline, in the treatment of anxiety disorders. B. Aufdembrinke (suppl. 34) 55–63
- Active placebos**
Antidepressant quandaries. R. P. Greenberg (C) 180–181. F. M. Quitkin and D. F. Klein (C) 181. I. M. Anderson (C) 181–182
In antidepressant trials. J. Moncrieff and S. Wessely (C) 88
- Acute brief psychosis**
Long-term course in a developing country setting. E. Susser *et al* 226–230
- Acute fatigue syndrome**
Acute and chronic fatigue syndromes and psychiatric disorders after glandular fever. P. D. White *et al* 475–481
- Addictive disorders** *see* **Drug and Alcohol misuse**
- Adherence**
Compliance, adherence, concordance... B. Lask (C) 271–272. A. S. David (*Author's reply*) (C) 272
- Adolescence**
Early-onset phobic disorders and adult-onset major depression. A. F. Schatzberg *et al* (suppl. 34) 29–34
Prevalence of anxiety disorders and comorbidity with mood and addictive disorders. D. A. Regier *et al* (suppl. 34) 24–28
Psychiatric disorders in primary care. Tami Kramer and M. Elena Garralda 508–513
Suicidal behaviours in vulnerable adolescents. Eric Fombonne 154–159
Youth suicide trends in Republic of Ireland. Michael J. Kelleher (*Editorial*) 196–197
see also **Childhood and adolescence**
- Affective disorders**
Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53
Lifetime risk of suicide. S. Davies *et al* (C) 185
Prevalence of anxiety disorders and comorbidity with mood and addictive disorders. D. A. Regier *et al* (suppl. 34) 24–28
see also **Bipolar disorder, Depression, Dysthymia, Mania and Seasonal affective disorder**
- African-Caribbeans**
Culturally sensitive validation of screening questionnaires for depression in older people in south London. M. A. Abas *et al* 249–254
- Age**
Age at onset and outcome in schizophrenia are related to the degree of familial loading. Jaana M. Suvisaari *et al* 494–500
Establishing limits of normal cerebral ageing and senile dementias. Karen Ritchie (*Editorial*) 97–101
Inequalities in mental health. Claire Henderson *et al* (*Review Article*) 105–109
- Aggression** *see* **Violence**
- Alcohol misuse**
British psychiatric morbidity survey. R. Jenkins *et al* (*Editorial*) 4–7
Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53
Reduced levels of GABA-benzodiazepine receptor in the absence of grey matter atrophy. A. R. Lingford-Hughes *et al* 116–122
Substance use, health and social problems of service users at 54 drug treatment agencies. M. Gossop *et al* 166–171
Suicidal behaviours in vulnerable adolescents. Eric Fombonne 154–159
- Typology of common psychiatric syndromes. Patrick F. Sullivan and Kenneth S. Kendler 312–319
- Allergic alveolitis**
Clozapine-induced. T. B. Benning (C) 440–441
- Alzheimer's disease**
White matter abnormalities and memory. R. J. Stewart (C) 269. M. Ikeda and E. Mori (*Authors' reply*) (C) 269–270
- Analyses**
Drop-out data in treatment trials. B. S. Everitt (C) 271
Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53
Genetic epidemiology of bingeing and vomiting. Patrick F. Sullivan *et al* 75–79. J. F. Morgan (C) 439. D. Curtis (C) 439. P. Sullivan (*Author's reply*) (C) 439–440
Schizophrenia and familial loading. Jaana M. Suvisaari *et al* 494–500
Systematic review of outcome of anxiety and depressive disorders. J. Emmanuel *et al* (suppl. 34) 35–41
Trauma, depression and PTSD in Cambodians. Richard F. Mollica *et al* 482–488
Typology of common psychiatric syndromes. Patrick F. Sullivan and Kenneth S. Kendler 312–319
- Anorexia nervosa**
Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53
Salinophagia. J. F. Morgan and J. H. Lacey (C) 352–353
- Anti-androgenic agents**
Cyproterone acetate cured a woman of severe sexual obsessions. T. Eriksson (C) 351
- Anticholinergics**
Mortality in schizophrenia. Antipsychotic polypharmacy and absence of adjunctive anticholinergics. John L. Waddington *et al* 325–329

Antidepressants

- Active placebos in trials. J. Moncrieff and S. Wessely (C) 88
- Pindolol augmentation of therapy. R. McAskill *et al* (*Review Article*) 203–208. R. H. McAllister-Williams and A. H. Young (C) 536–537
- Placebo run-in period in studies of depressive disorders. F. M. Quitkin *et al* 242–248
- Quandaries. R. P. Greenberg (C) 180–181. F. M. Quitkin and D. F. Klein (C) 181.
- I. M. Anderson (C) 181–182
- see also* Selective serotonin reuptake inhibitors and individual names

Antipsychotics

- Economic evaluation in pharmaceuticals. Alan Maynard and Karen Bloor (suppl. 36) 12–18
- Prescribing of atypical antipsychotics. M. Toal and H. Campbell (C) 85. R. Appadoo *et al* (C) 85. C. Thomas and S. Lewis (*Authors' reply*) (C) 85
- Risk of sudden death on high-dose medication: QTc dispersion. J. M. Barber (C) 86–87
- see also* individual names

Anxiety control training

- Meditation and psychotherapy. Philip Snaith (*Editorial*) 193–195

Anxiety disorders

- Benzodiazepines: time for reassessment. D. D. R. Williams and Andrew McBride (*Editorial*) 361–362
- Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53
- Extent and appropriateness of benzodiazepine use in an elderly community. S. Taylor *et al* 433–438
- Recognition and management of anxiety syndromes.* H.-U. Wittchen (ed.) (suppl. 34) 1–63
 - Abecarnil, a new beta-carboline. B. Aufdembrinke 55–63
 - Early-onset phobic disorders and adult-onset major depression. A. F. Schatzberg *et al* 29–34
 - Editorial.* Hans-Ulrich Wittchen 1–3
 - Health economics and cost implications in the US. Dorothy P. Rice and Leonard S. Miller 4–9
 - Interaction of pharmacological and psychological treatments. M. H. Lader and A. J. Bond 42–48
 - Prevalence and comorbidity with mood and addictive disorders. D. A. Regier *et al* 24–28

- Prevalence and recognition in primary care. E. Weiller *et al* 18–23
- Screening for anxiety disorders. Hans-Ulrich Wittchen and Patrice Boyer 10–17
- Spectrum of generalised anxiety in clinical practice. K. Rickels and E. Schweizer 49–54
- Systematic review of outcome of anxiety and depressive disorders. J. Emmanuel *et al* 35–41
- Social roles and gender difference in prevalence of common mental disorders. Scott Weich *et al* 489–493
- Typology of common psychiatric syndromes. Patrick F. Sullivan and Kenneth S. Kendler 312–319

see also Panic disorder and Phobias

Anxiety Screening Questionnaire

- Screening for anxiety disorders. Hans-Ulrich Wittchen and Patrice Boyer (suppl. 34) 10–17

Asylums

- Asylum news. Henry Rollin (*One hundred years ago*) 442–443
- Workers' association. Henry Rollin (*One hundred years ago*) 539

Audit

- Overcoming obstacles to routine outcome measurement. Isaac Marks (*Editorial*) 281–286

Autism

- Neuroimaging. Shoumitro Deb and Bill Thompson (*Review Article*) 299–302
- Treatment of obsessive-compulsive spectrum disorders with SSRIs. E. Hollander (suppl. 35) 7–12

Autogenic training

- Meditation and psychotherapy. Philip Snaith (*Editorial*) 193–195

Baltimore Epidemiologic Catchment Area follow-up

- Onset and recovery from panic disorder. W. W. Eaton *et al* 501–507

Behavioural ecology

- Using it to understand depression. Justin H. G. Williams (*Editorial*) 453–454

Behaviour disorders

- Physical interventions. J. Harris (C) 442

Behaviour therapy

- Combination with fluvoxamine in OCD. F. Hohagen *et al* (suppl. 35) 71–78
- OCD in children and adolescents. Mark Riddle (suppl. 35) 91–96

- Out-patient, multi-modal, for OCD. Iver Hand (suppl. 35) 45–52
- Two psychological treatments for hypochondriasis. D. M. Clark *et al* 218–225

Benzodiazepines

- Extent and appropriateness of use in an elderly community. S. Taylor *et al* 433–438
- Time for reassessment. D. D. R. Williams and Andrew McBride (*Editorial*) 361–362

Binging and vomiting

- Genetic epidemiology. Patrick F. Sullivan *et al* 75–79. J. F. Morgan (C) 439. D. Curtis (C) 439.
- P. Sullivan (*Author's reply*) (C) 439–440

Bipolar disorder

- Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53

Blood monitoring

- Long-term pharmacokinetics of clozapine. M. Kurz *et al* 341–344
- Prescribing of atypical antipsychotics. M. Toal and H. Campbell (C) 85. C. Thomas and S. Lewis (*Authors' reply*) (C) 85

Body dysmorphic disorder

- Treatment of obsessive-compulsive spectrum disorders with SSRIs. E. Hollander (suppl. 35) 7–12

Borderline personality disorder

- Objectivity in psychoanalytic judgements. R. Peter Hobson *et al* 172–177

Bradycardia

- Complicates antidepressive treatment with venlafaxine and ECT. M. M. Agelink *et al* (C) 441

Brain

- 5-HT_{2A} receptor blockade in patients with schizophrenia treated with risperidone or clozapine. M. J. Travis *et al* 236–241
- Are first-rank symptoms decryption errors? S. A. Spence (C) 184–185
- Changes in schizophrenia. Volumetric MRI study of multiply affected families. T. Sharma *et al* 132–138
- Does ECT lead to changes in cerebral structure? B. K. Puri *et al* (C) 267
- Establishing limits of normal cerebral ageing and senile dementias. Karen Ritchie (*Editorial*) 97–101
- GABA-benzodiazepine receptor levels in alcohol dependency in the absence of grey matter atrophy. A. R. Lingford-Hughes *et al* 116–122
- Loss of consciousness and PTSD. A clue to aetiology and treatment. Maureen O'Brien and David Nutt (*Editorial*) 102–104. G. McCarthy *et al* (C) 537

- Neuroanatomical aspects of cognitive-behavioural therapy response in OCD. Jeffrey M. Schwartz (suppl. 35) 38–44
- Neuroimaging in autism. Shoumitro Deb and Bill Thompson (*Review Article*) 299–302
- Neuroimaging and frontal-subcortical circuitry in OCD. S. Saxena *et al* (suppl. 35) 26–37
- Nuclear schizophrenic symptoms as window on relationship between thought and speech. T. J. Crow 303–309. Invited commentaries. Michael Trimble; John Cutting 310–311
- Pathophysiology of ‘positive’ thought disorder in schizophrenia. P. K. McGuire *et al* 231–235
- Role of serotonin in OCD. H. G. Baumgarten and Z. Grozdanovic (suppl. 35) 13–20
- Serotonin in anti-obsessional drug action and pathophysiology of OCD. Pedro L. Delgado and Francisco A. Moreno (suppl. 35) 21–25
- SPET study of verbal fluency in schizophrenia and epilepsy. J. D. C. Mellers *et al* 69–74
- Transcranial magnetic stimulation in depression. P. D. Reid *et al* (*Editorial*) 449–452
- White matter abnormalities and memory in Alzheimer’s disease. R. J. Stewart (C) 269. M. Ikeda and E. Mori (*Authors’ reply*) (C) 269–270
- Brief Psychiatric Rating Scale**
London–East Anglia trial of cognitive-behavioural therapy for psychosis. III. E. Kuipers *et al* 61–68
- Semantic priming in schizophrenia. S. Bhandari and D. Curtis (C) 184. M. Spitzer (*Author’s reply*) (C) 184
- Britain**
Irish ethnicity and mental health. C. J. Haley (C) 85–86. J. J. Sandford (C) 86. P. J. Bracken *et al* (*Authors’ reply*) (C) 86
- Psychiatric morbidity survey. Epidemiology of OCD. P. E. Bebbington (suppl. 35) 2–6
- Psychiatric morbidity survey. R. Jenkins *et al* (*Editorial*) 4–7
see also **England and Wales**
- British Journal of Psychiatry**
Headings in structured abstracts. J. Hartley (C) 178. G. Wilkinson (*Editor’s reply*) (C) 178
- Peer review and editorial decision-making. Louise Howard and Greg Wilkinson (*Editor*) 110–113. Invited commentaries. J. L. Crammer; H. L. Freeman 114–115
- Bulimia nervosa**
Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53
- Genetic epidemiology of bingeing and vomiting. Patrick F. Sullivan *et al* 75–79. J. F. Morgan (C) 439. D. Curtis (C) 439. P. Sullivan (*Author’s reply*) (C) 439–440
- Cambodians**
Dose–effect relationships of trauma to symptoms of depression and PTSD among survivors of mass violence. Richard F. Mollica *et al* 482–488
- Carers**
Care-giving and impact on carers of a community mental health service. PRISM Psychosis Study 6. George I. Szmukler *et al* 399–403
- People with schizophrenia and their families. Fifteen-year outcome. Steve Brown and Jon Birtwistle 139–144
- Caribbean Culture-Specific Screen for emotional distress**
Questionnaires for depression in older African–Caribbean people. M. A. Abas *et al* 249–254
- Case management**
Cost impact of three programmes for treating people with severe mental illness. Teh-Wei Hu and Jeanette M. Jerrell (suppl. 36) 26–32
- Catechol-O-methyltransferase (COMT) gene**
Chromosome 22q11 deletions and aggressive behaviour. K. C. Murphy and M. J. Owen (C) 353–354
- Childbirth** *see* **Puerperium**
- Childhood**
Mental affections – idiocy, imbecility and insanity. Henry Rollin (*One hundred years ago*) 354
- Neuroimaging in autism. Shoumitro Deb and Bill Thompson (*Review Article*) 299–302
- Recovered memories of abuse and dissociative identity disorder. O. van der Hart and E. R. S. Nijenhuis (C) 537–538. S. Brandon (*Author’s reply*) (C) 538
- Recovered memories of childhood sexual abuse. J. Paul (C) 178–179. A. Ryle (C) 179. S. Brandon and J. Boakes (*Authors’ reply*) (C) 179. R. Poole and R. Higgo (C) 179–180. R. E. Kendell (*President’s reply*) (C) 180
- Childhood and adolescence**
Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53
- OCD. Mark Riddle (suppl. 35) 91–96
- Psychological treatment of depression. Review of treatment research. Richard Harrington *et al* (*Review Article*) 291–298
see also **Adolescence**
- Children’s Global Assessment Scale**
Psychiatric disorders in adolescents in primary care. Tami Kramer and M. Elena Garralda 508–513
- Chinese**
Validity of Chinese version of the Edinburgh Postnatal Depression Scale. C. Hawley and T. Gale (C) 271. D. T. S. Lee (*Author’s reply*) (C) 271
- Chromosome 22q11 deletions**
Aggressive behaviour. K. C. Murphy and M. J. Owen (C) 353–354
- Chronic fatigue syndrome**
Acute and chronic fatigue syndromes and psychiatric disorders after glandular fever. P. D. White *et al* 475–481
- Fluoxetine and graded exercise. S. Lynch and J. Fraser (C) 353. R. Morris (*Author’s reply*) (C) 353
- Client Service Receipt Interview**
Utilisation and costs of community mental health services. PRISM Psychosis Study 5. Paul McCrone *et al* 391–398
- Clinical Global Impression**
Sertraline in treatment of panic disorder. P. D. Londborg *et al* 54–60
- Clomipramine**
Pharmacotherapy for OCD. John H. Greist and James W. Jefferson (suppl. 35) 64–70
- Clozapine**
5-HT_{2A} receptor blockade in treated patients with schizophrenia. M. J. Travis *et al* 236–241
- Economic evaluation in pharmaceuticals. Alan Maynard and Karen Bloor (suppl. 36) 12–18
- Ethnicity and metabolism. S. Farooq (C) 87
- Induced extrinsic allergic alveolitis. T. B. Benning (C) 440–441
- Jet lag and relapse of schizoaffective psychosis despite maintenance treatment. L. K. Oyewumi (C) 268
- Long-term pharmacokinetics. M. Kurz *et al* 341–344
- Prescribing of atypical antipsychotics. M. Toal and H. Campbell (C) 85. C. Thomas and S. Lewis (*Authors’ reply*) (C) 85
- Cocaine**
Use, abuse and dependence in female twins. Kenneth S. Kendler and Carol A. Prescott 345–350

Cognitive-behavioural therapy

Approach to understanding
obsessional thinking. Paul M.
Salkovskis *et al* (suppl. 35) 53–63

For psychosis. London–East Anglia
randomised controlled trial. III.
Follow-up and economic
evaluation at 18 months.
E. Kuipers *et al* 61–68

Neuroanatomical aspects of response
in OCD. Jeffrey M. Schwartz
(suppl. 35) 38–44

Psychological treatment of
depression in children and
adolescents. Richard Harrington
et al (Review Article) 291–298

Cognitive therapy

Two psychological treatments for
hypochondriasis. D. M. Clark *et al*
218–225

Community care

Cost impact of case management
programmes for treating people
with severe mental illness. Teh-Wei
Hu and Jeanette M. Jerrell (suppl.
36) 26–32

NHS celebrates its 50th birthday. R. E.
Kendell (President, Royal College
of Psychiatrists) (Editorial) 1–3

Whither community care? Peter
Tyrer (Editorial) 359–360

see also PRISM Psychosis Study

Comorbidity

Burden of disease. Methods of
calculating disability from mental
disorder. Gavin Andrews *et al*
123–131

Early-onset phobic disorders and
adult-onset major depression. A. F.
Schatzberg *et al* (suppl. 34) 29–34
'Pfpopschizophrenie' revisited.
Schizophrenia in people with mild
learning disability. G. A. Doody
et al 145–153

Prevalence of anxiety disorders and
comorbidity with mood and
addictive disorders. D. A. Regier
et al (suppl. 34) 24–28

Systematic review of outcome of
anxiety and depressive disorders.
J. Emmanuel *et al* (suppl. 34) 35–41

Typology of common psychiatric
syndromes. Patrick F. Sullivan and
Kenneth S. Kendler 312–319

Complementary medicine

Discussion group. J. Cooper (C) 187

Compliance

Adherence, concordance... B. Lask
(C) 271–272. A. S. David
(Author's reply) (C) 272

**Composite International Diagnostic
Interview**

(M-CIDI). Screening for anxiety
disorders. Anxiety Screening
Questionnaire. Hans-Ulrich
Wittchen and Patrice Boyer
(suppl. 34) 10–17

Prevalence and recognition of
anxiety syndromes. E. Weiller
et al (suppl. 34) 18–23

Specific fears and phobias.
Epidemiology and classification.
G. C. Curtis *et al* 212–217

**Comprehensive Psychopathological
Rating Scale**

Chronic mania. G. Perugi *et al*
514–518

Computerised tomography

Neuroimaging and frontal-
subcortical circuitry in OCD.
S. Saxena *et al* (suppl. 35) 26–37

Computers

Are first-rank symptoms encryption
errors? S. A. Spence (C) 184–185

In psychiatry. Martin Baggailey and
Mike Sinclair (Reading about)
189–191

Overcoming obstacles to routine
outcome measurement. Isaac
Marks (Editorial) 281–286

Corrigenda 89, 188, 272, 443, 539

Cost-of-illness studies

For mental disorders. Research
policy implications. Agnes Rupp
et al (suppl. 36) 19–25

Costs see Economics**Criminality**

Aggression and violence in severe
mental illness. M. Soyka (C) 182

Economic burden of drug depend-
ency. A. Healey *et al* 160–165

Frequency and predictors of adverse
events. PRISM Psychosis Study 3.
Sonia Johnson *et al* 376–384

Plea of insanity in criminal cases.
Henry Rollin (*One hundred years
ago*) 89

Substance use, health and social
problems of service users at 54
drug treatment agencies.
M. Gossop *et al* 166–171

Cult leaders

Evolution of schizotypy. J. S. Price
(C) 183

Cultures

Culturally sensitive validation of
questionnaires for depression in
older African–Caribbean people.
M. A. Abas *et al* 249–254

Trauma, depression and PTSD in
Cambodians. Richard F. Mollica
et al 482–488

Cyproterone acetate

Anti-androgenic agent cured a
woman of severe sexual obsessions.
T. Eriksson (C) 351

Defeat Depression Campaign

Changes in public attitudes to
depression. E. S. Paykel *et al*
519–522

Deliberate self-harm

Excess mortality of mental disorder.
E. Clare Harris and Brian
Barraclough (Review Article)
11–53

Salinophagia in anorexia nervosa.
J. F. Morgan and J. H. Lacey (C)
352–353

see also Suicide

Dementia

Establishing limits of normal cerebral
ageing and senile dementias. Karen
Ritchie (Editorial) 97–101

White matter abnormalities and
memory in Alzheimer's disease.
R. J. Stewart (C) 269. M. Ikeda
and E. Mori (Authors' reply) (C)
269–270

Depression*Aetiology*

Acute and chronic fatigue
syndromes and psychiatric
disorders after glandular fever.
P. D. White *et al* 475–481

Dose–effect relationships of
trauma to symptoms of depres-
sion and PTSD among Cambo-
dian survivors of mass violence.
Richard F. Mollica *et al* 482–488

Genetic and non-genetic subtypes
of major disorder. Martin
Andrew *et al* 523–526

Social roles and gender difference
in prevalence of common mental
disorders. Scott Weich *et al*
489–493

Using behavioural ecology to
understand depression. Justin H.
G. Williams (Editorial) 453–454

Comorbidity

Combination of behaviour therapy
with fluvoxamine in OCD.
F. Hohagen *et al* (suppl. 35)
71–78

Early-onset phobic disorders and
adult-onset major depression.
A. F. Schatzberg *et al* (suppl. 34)
29–34

Fluoxetine and graded exercise in
chronic fatigue syndrome. S.
Lynch and J. Fraser (C) 353. R.
Morris (Author's reply) (C) 353

Prevalence of anxiety disorders
and comorbidity with mood and
addictive disorders. D. A. Regier
et al (suppl. 34) 24–28

Systematic review of outcome of
anxiety and depressive disorders.
J. Emmanuel *et al* (suppl. 34)
35–41

Typology of common psychiatric
syndromes. Patrick F. Sullivan
and Kenneth S. Kendler 312–319

Complications

Excess mortality of mental
disorder. E. Clare Harris and
Brian Barraclough (Review
Article) 11–53

Epidemiology

- Prevalence of seasonal affective disorder. G. H. Vera (C) 270.
- D. Blazer (*Author's reply*) (C) 270
- Psychiatric disorders in adolescents in primary care. Tami Kramer and M. Elena Garralda 508–513
- Social roles and gender difference in prevalence of common mental disorders. Scott Weich *et al* 489–493

Genetics

- Genetic and non-genetic subtypes of major disorder. Martin Andrew *et al* 523–526

Outcome

- Family history as predictor of poor long-term outcome. C. Duggan *et al* 527–530
- Systematic review of outcome of anxiety and depressive disorders. J. Emmanuel *et al* (suppl. 34) 35–41

Public attitudes

- Changes during the Defeat Depression Campaign. E. S. Paykel *et al* 519–522

Scales

- Questionnaires for older African-Caribbean people. M. A. Abas *et al* 249–254
- Validity of Chinese version of the Edinburgh Postnatal Depression Scale. C. Hawley and T. Gale (C) 271. D. T. S. Lee (*Author's reply*) (C) 271

Therapy

- Extent and appropriateness of benzodiazepine use in an elderly community. S. Taylor *et al* 433–438
- Fluoxetine and graded exercise in chronic fatigue syndrome. S. Lynch and J. Fraser (C) 353. R. Morriss (*Author's reply*) (C) 353
- Placebo run-in period in studies. F. M. Quitkin *et al* 242–248
- Prolonged bradycardia complicates treatment with venlafaxine and ECT. M. M. Agelink *et al* (C) 441
- Psychological treatment in children and adolescents. Richard Harrington *et al* (*Review Article*) 291–298
- Transcranial magnetic stimulation. P. D. Reid *et al* (*Editorial*) 449–452

see also Antidepressants and Puerperium

Depressive position

- Objectivity in psychoanalytic judgements. R. Peter Hobson *et al* 172–177

Developing countries

- Long-term course of acute brief psychosis. E. Susser *et al* 226–230

Diagnostic Interview Schedule

- Epidemiology of OCD. P. E. Bebbington (suppl. 35) 2–6
- Panic disorder in the Baltimore Epidemiologic Catchment Area follow-up. W. W. Eaton *et al* 501–507

Disability

- Burden of disease. Methods of calculating disability from mental disorder. Gavin Andrews *et al* 123–131
- Effects of community services on disability and symptoms. PRISM Psychosis Study 4. Til Wykes *et al* 385–390

Disability Assessment Schedule

- Self-injury in adults with learning disabilities. Richard A. Collacott *et al* 428–432

Dissociative identity disorder

- Recovered memories of abuse. O. van der Hart and E. R. S. Nijenhuis (C) 537–538. S. Brandon (*Author's reply*) (C) 538

Dorsetshire

- Lunacy. Henry Rollin (*One hundred years ago*) 89

Doxazosin

- For reboxetine-induced urinary hesitancy. E. Szabadi (C) 441–442

Drug misuse

- Aggression and violence in severe mental illness. M. Soyka (C) 182
- British psychiatric morbidity survey. R. Jenkins *et al* (*Editorial*) 4–7

Schedules

Diagnostic Interview Schedule (suppl. 35) 2–6, 501–507
Disability Assessment Schedule 428–432
Schedule for Affective Disorders and Schizophrenia 527–530
Schedules for Clinical Assessment in Neuropsychiatry 501–507

Schizoaffective psychosis

Jet lag and relapse despite maintenance clozapine treatment. L. K. Oyewumi (C) 268

Schizophrenia

Aetiology

Evolution of schizotypy. J. S. Price (C) 183
Prenatal exposure to maternal stress. M. Quenstedt and A. Parshall (C) 183

Complications

Aggression and violence in severe mental illness. M. Soyka (C) 182
Antecedents of suicide. H. Heilä *et al* 330–333
Chromosome 22q11 deletions and aggressive behaviour. K. C. Murphy and M. J. Owen (C) 353–354
Excess mortality of mental disorder. E. Clare Harris and Brian Barraclough (*Review Article*) 11–53
Mortality. Antipsychotic polypharmacy and absence of adjunctive anticholinergics. John L. Waddington *et al* 325–329

'Pffropfschizophrenie' revisited.

Schizophrenia in people with mild learning disability.

G. A. Doody *et al* 145–153

SPET study of verbal fluency in schizophrenia and epilepsy.

J. D. C. Mellers *et al* 69–74

Diagnosis

Limitations of symptom-oriented approach to psychiatric research. Ramin Mojtatabi and Ronald O. Rieder (*Review Article*) 198–202

Economics

Massimo Moscarelli (ed.) (suppl. 36) 1–32
Cost function approach to evaluation. Martin Knapp 7–11
Cost impact of case management programmes. Teh-Wei Hu and Jeanette M. Jerrell 26–32
Economic evaluation in pharmaceuticals. Alan Maynard and Karen Bloor 12–18
Economics of schizophrenia. Massimo Moscarelli 4–6
Preface. Norman Sartorius 3
Research policy implications of cost-of-illness studies. Agnes Rupp *et al* 19–25

First-rank symptoms

Are they encryption errors? S. A. Spence (C) 184–185
Nuclear symptoms as window on relationship between thought and speech. T. J. Crow 303–309. Invited commentaries. Michael Trimble; John Cutting 310–311

Genetics

Age at onset and outcome are related to the degree of familial loading. Jaana M. Suvisaari *et al* 494–500
Brain changes. Volumetric MRI study of multiply affected families. Maudsley Family Study 5. T. Sharma *et al* 132–138
Chromosome 22q11 deletions and aggressive behaviour. K. C. Murphy and M. J. Owen (C) 353–354

Language

Nuclear symptoms as window on relationship between thought and speech. T. J. Crow 303–309. Invited commentaries. Michael Trimble; John Cutting 310–311
Pathophysiology of 'positive' thought disorder. P. K. McGuire *et al* 231–235
Semantic priming. S. Bhandari and D. Curtis (C) 184. M. Spitzer (*Author's reply*) (C) 184

Outcome

Age at onset and outcome are related to the degree of familial loading. Jaana M. Suvisaari *et al* 494–500

People with schizophrenia and their families. Steve Brown and Jon Birtwistle 139–144

Pathology

Brain changes. Volumetric MRI study of multiply affected families. Maudsley Family Study 5. T. Sharma *et al* 132–138

Pathophysiology

5-HT_{2A} receptor blockade in patients treated with risperidone or clozapine. M. J. Travis *et al* 236–241
Are first-rank symptoms encryption errors? S. A. Spence (C) 184–185
Of 'positive' thought disorder. P. K. McGuire *et al* 231–235
SPET study of verbal fluency in schizophrenia and epilepsy. J. D. C. Mellers *et al* 69–74

Scales

Premorbid adjustment. H. Krauss *et al* (C) 536

Therapy

5-HT_{2A} receptor blockade in patients treated with risperidone or clozapine. M. J. Travis *et al* 236–241
Mortality. Antipsychotic polypharmacy and absence of adjunctive anticholinergics. John L. Waddington *et al* 325–329
Utilisation of mental health services and costs of patients in Spain. J. M. Haro *et al* 334–340

Schizophrenia-like psychosis of epilepsy

SPET study of verbal fluency in schizophrenia and epilepsy. J. D. C. Mellers *et al* 69–74

Schizotypy

Evolution. J. S. Price (C) 183

Seasonality

Prenatal exposure to maternal stress and subsequent schizophrenia. M. Quenstedt and A. Parshall (C) 183
Prevalence of seasonal affective disorder. G. H. Vera (C) 270. D. Blazer (*Author's reply*) (C) 270

Selective serotonin reuptake inhibitors

OCD in children and adolescents. Mark Riddle (suppl. 35) 91–96
Pharmacotherapy for OCD. John H. Geist and James W. Jefferson (suppl. 35) 64–70
Role of serotonin in OCD. H. G. Baumgarten and Z. Grozdanovic (suppl. 35) 13–20
